DETAILED ACTION

Priority

Receipt is acknowledged of papers submitted under 35 U.S.C. 119(a)-(d), which papers have been placed of record in the file.

Claim Rejections - 35 USC § 112

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

Claim 21 is rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

In the last two lines, the recitation “said hydraulic pump” lacks positive antecedent basis in the claim.

Claim Rejections - 35 USC § 102

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Claim 21 is rejected under 35 U.S.C. 102(b) as being anticipated by US Patent No. 5,794,920 to Kronberger.

Art Unit: 3654

Kronberger, in Figure 1, discloses a winch assembly comprising a spool, a hydraulic drive motor, means (shaft between the hydraulic motor and cable spool) for coupling the drive motor to the winch spool whereby the winch spool may be driven by the drive motor, hydraulic supply means for supplying hydraulic fluid to the hydraulic drive motor, and control means 6 for controlling the supply of hydraulic fluid from the hydraulic pump to the hydraulic motor.

Allowable Subject Matter

Claims 22-43 allowed over the prior art of record.

Conclusion

The prior art made of record and not relied upon is considered pertinent to applicant's disclosure.
